Key notes
Includes individuals alive and registered as of 1/11/2019. Does not have full code coverage or lookback.
Change in way provosioned from 2022-02 which removed duplicate records historically. Some duplicate records still remain but extrent reduced significantly.
First batch included high number of duplicate records that were cleaned for subsequent batches. Formerly CHESS

Includes data for 28 NHS hospital trusts, which captures around 15% of secondary care prescribing. Data coverage and quality varies by NHS hospital trust.

Combine NICOR NHFA v4 and v5 for full date coverage.

Data quality issue July 2023

Maturing dataset.
